

TAKE ACTION TO PROTECT PUBLIC HEALTHCARE

Ontario Premier Doug Ford's new healthcare legislation may privatize and impose mega-mergers on healthcare that put our local services and hospitals at risk!

SEIU Healthcare's number one priority is protecting essential frontline healthcare services that are delivered by our 60,000 members across Ontario.

We are joining the Ontario Health Coalition's rally to tell the Ontario Provincial Government:

**NO CUTS TO HEALTHCARE
AND NO PRIVATIZATION!**
